CHRISTIAN EDUCATION

Not long ago an investigation was made as to the record of Christian Colleges. Read the record and then ask yourself the question: Does Christian education pay?

Eight of the nine Justices of the Supreme Court of the United States were college men; seven of the eight were from Christian colleges.

Eighteen of the twenty-six presidents of the United States were college men; sixteen of the eighteen were from Christian colleges.

Eighteen of the twenty-six Masters in American letters were college men; seventeen of the eighteen were from Christian colleges.

Of the members of Congress in 1905 receiving college education and who were prominent enough to be mentioned in "Who's Who," two-thirds were graduates of Christian colleges.

A TEACHER.

Of course you want to be a great one. You want to climb high up towards the top in your profession. You want to be one of the very best. You want the training that will best fit you for your life's work.

Let me ask you to carefully examine the catalogues of every great school in Western North Carolina and see for yourself if a great majority of the teachers in those schools did not receive all or a part of their education in Christian schools. If you find this to be true is it not a powerful argument in favor of the Christian school as a training place for the teacher.

BIBLE STUDY.

We give special attention to the study of the Bible. The class for this year is studying McLean's Old Testament History and along with that the Old Testament itself. We have had no trouble in getting a large number of students to take this course. Many of them seem anxious to do so. We have two courses of study Classical and Historical. Bible study is not compulsory. Any student who prefers to do so may take the Classical course and leave off the Bible.

SUNDAY SCHOOL TEACHER-TRAINING

The school also offers a Sunday School Teacher-Training course. Several have already taken this course and our class this year will be large. The Sunday School Board at Nashville offers a diploma for the completion of this work and students seem anxious to win it.

BIBLE BANDS.

Rev. J. C. Owen recently visited our school and gave a great address on Bible study. Several young men and young ladies have organized themselves into a Bible Study Band. They study the Bible fifteen minutes every morning and meet on Monday afternoons to discuss the chapter studied during the week.

ENROLLMENT.

We do not have as many students as we want. Others are wanted. But we do have a steady growth. The enrollment for the year 1912-13 lacked only two students of being double the enrollment of the year 1911-12. We have had a large increase in the number of students this year and we think our enrollment at Christmas will almost be equal to last years total enrollment.

We want to send you a catalogue.

FRIDAY, SEPTEMBER 19 1913

The report of the youngest criminal in the annals of criminology of Wisconsin is in the daily Press and tells of the incarceration of a six year old boy to the reform school until he reaches his majority, for having committed a number of crimes ranging from petty larceny through burglary highway robbery to assault with intent to kill with deadly weapon.

Who will say, that this small lad who ought to be at home with his mother, if he has one, is to blame for this condition?

It is not human nature to commit crime and if nature is perverted

it is due to some outside influence. If parents keep their children at home where they ought to be and away from the contaminating influences of the streets and back alleys, the children will be alright, if the influence of the home is what it ought to be.

Give the boys and girls half a show and they will make good.
